BOOK SYNOPSIS

Free your inner creative genius with brick builds that include a centaur, unicorn, griffin, ogre, dragon, and more. Based on the brick selection found in some of LEGO's Classic series, each project is a great way to test out unusual building techniques or to mix up pieces from existing kits that have already been broken up. Follow the instructions or go off in your own direction--it's your choice! Many of the designs in these books use fewer than 100 bricks, so you don't need a lot of bricks to get started.
